## WP-Optimise- Clean, Compress, Cache

WP-Optimize is a popular WordPress plugin designed to enhance website performance. It offers three main functions:

1. **Clean:** Optimizes your WordPress database by removing unnecessary data like post revisions, spam comments, and expired transients.
2. **Compress:** Reduces the size of images on your website, helping to speed up load times without sacrificing quality.
3. **Cache:** Stores a static version of your site to reduce the load on your server and improve page load speeds.

This will be used to help optimize my WordPress site to run efficiently for any user using the site to not cause database errors, especially when purchases occur
